WELCOME TO OUR WORLD OF WINE

Here at Carlyon Bay we enjoy our wine and take great effort and pleasure in offering wines from around the globe from both the Old and New Worlds.

In addition we have tried to find the little hidden gems that are often overlooked that the world of wines has to offer.

Our biggest pleasure (other than tasting these delights!) is to be able to introduce our guests to wines they might not normally choose by themselves and therefore would miss out on the experiences and flavours of these our findings.

We hope you enjoy your journey through these pages where you will find some new and unusual wines with tantalising flavours and aromas to compliment the great food and fantastic ingredients so readily available in Cornwall.

Fear not, we also hope to reunite you with your old reliable and favourite wines which, like an old friend never fail to enhance the moment when they join you for dinner.

Our large range of wines by the glass allows great opportunity to match food and wine without breaking the bank. By using our wine preservation technology you can be sure the wines are in pristine quality.

If you are not sure what to choose please do just ask one of our enthusiastic team who would be only too pleased to help.

Rest assured our wines have been selected and tasted with great relish and are recommended to you from our wine team here at the Bay, we hope you enjoy.

Remember...

“Wine is an enigma

A happy conspiracy between the grape, soil, weather

And the skill of the wine maker,

The answer lies on your palate”

OUR PHILOSOPHY

Sustainability and traceability are becoming more and more important to us and to our guests, so look for the symbols below on the list to help you choose a wine most suited to you.

Organic (Org)

Organic Wine is made with no added synthetic pesticides, herbicides or any other chemicals like artificial fertilisers. The wines are accredited by the country's relevant organisation such as The Soil Association of Britain. Many more producers operate to “organic principles” but may be too small or too stubborn to go through the rigorous certification process.

Vegetarian (V)

It may seem that a beverage made from pressed and fermented grapes should be vegetarian, but animal derivatives can be used in the fining process, such as Isinglass for example.

Please inform us of any food allergies or special dietary requirements.

Vegan (VG)

Vegan wines don't contain fining or clarifying agents (like egg white or Casein).

Sustainably Produced (SP)

Sustainable Wine growing is a comprehensive set of practices that are environmentally sound, socially equitable and economically viable. They work to conserve energy, maintain healthy soil, protect air and water quality, enhance relations with communities, preserve ecosystems and improve the vitality of vineyards and wineries. Different wine regions have different challenges and each country has their own certifying body.

Vintages are subject to availability.

WALK WITH M. CHAPOUTIER

Experience this perfect partnership between Brend Hotels and the M. Chapoutier Winery. The perfect blend; both family owned with a belief in the value of combining tradition with modernity.

Join with us on a journey through a selection of M.Chapoutier wines chosen to illustrate the wide selection of style and varieties. Following the Chemins de Compostelle, traverse the quality terroir and explore the wines from the north, in Western Germany, to the Roussillon in the south of France near the Spanish border.

The Camino de Santiago, or Chemins de Compostelle as it is known in France, is not one trail, but dozens, leading across Europe and converging on the Christian pilgrimage site, the stunning Santiago de Compostela, in Galicia, Northern Spain. A large majority of the M.Chapoutier vineyards lie on, or close to the trails, so sit back and transport yourself onto the route.
